

# How does your community serve Citizens who visit your community **POLICE & FIRE STATIONS** during hours when they are not staffed (Dark Stations)?

ALICE Receptionist helps communities give their citizens access to connect with remote officers and 911 dispatch when they visit Police and Fire stations during hours when no staff is available (dark stations).

Provide emergency services to citizens 24/7 without on-site staff

### CONNECT WITH OFFICERS

ALICE kiosks will connect citizens with officers at other stations to assist the citizen who seek help at a dark station.

### CONNECT WITH 911 DISPATCH

ALICE Kiosk can connect citizens with 911 dispatch to ensure they have access to emergency services.

### ON DEMAND ASL VIDEO INTERPRETERS

ALICE Kiosk in partnership with ASL video interpreters provides services for deaf citizens

Indoor and Outdoor ALICE Kiosks give Citizens access to Police, Fire & Emergency services 24/7 - 365 days a year

By deploying ALICE Emergency Services kiosks at dark stations and other community buildings, community managers can ensure citizens have access to emergency services even at locations without emergency staff
